

We collect usable household items and furniture, and distribute them to individuals transitioning out of homelessness.

Please visit our website, furnishinghopeaz.org, to see pictures of Furnishing Hope in action or to donate online.

Our operation is quite simple. We pick up donations of furniture and household items from the community and deliver them to people in need. We get referrals from agencies that help individuals transition out of homelessness into small apartments. Household items, linens and furniture are kept in two large storage units located in Tempe, Arizona until needed.

This is all accomplished by volunteers. Furnishing Hope serves Tempe and surrounding areas. If you know of someone who is in need of furnishings, contact us.
